### SPECIAL AWARDS

#### **Dobbs Ferry HS**

#### **Chorific! Secondary - Renaissance Award**

*Citation: The Lascaux caves and other parts of France truly came to life through the effective use of human scenery by this team. Using multiple team members in assorted permutations, they transformed into animals in cave paintings, into a briefcase, into a mountain range and into an underground stream. Who needs props when you have a team like this!*

#### **Frontier HS – Hobosaurus**

#### **Dairy Power Cube Challenges - Team Award \$1000**
